About us

PT Verda Nusadaya Agro is a company engaged in the trade and export of Indonesia's agricultural products. Based in North Lombok, West Nusa Tenggara, we were established with a commitment to deliver the finest agro commodities sourced directly from trusted local farmers.

With a strong focus on quality, consistency, and sustainability, PT Verda Nusadaya Agro continues to build long-term partnerships both domestically and internationally. Every product we ship undergoes a strict selection and quality control process to meet global standards.

We believe Indonesia's strength lies in the richness of its natural resources. Therefore, we are committed to enhancing the value of agricultural commodities, empowering farmers, and delivering products that are safe, high-quality, and globally competitive.
